

MATERIAL SAFETY DATA SHEET

SECTION I

Chemical Product and Company Identification

Trade Name Appearing on Label: **MILK & HONEY CUTICLE OIL** Chemical Family: Toiletries

Manufacturer/Distributor/Importers: Star Nail International
29120 Avenue Paine
Valencia, CA 91355

CHEMTEL:
Emergency Phone: 813-248-0573 or 800-255-3924
Business Phone: 661-257-7827 Date prepared: 1/18/08

SECTION II

Potentially Hazardous Ingredients

Chemical Identity	%	CAS Number	OSHA (PEL)	Exposure Limits in Air	
				ACGIH (TLV)	Other
Hazardous Materials:	0%	n/a	n/a	n/a	n/a

SECTION III

Hazard Identification

HMIS Rating Scale: 0 = Minimal 1 = Slight 2 = Moderate 4 = Severe

This Products Rating: Health: 0 Flammability: 1 Reactivity: 0

Material Appearance: Clear Oil

Primary Route of Entry: Inhalation Skin Ingestion

Ingredient(s) Listed as Cancer Causing Agents?:

NTP - no LARC Monographs - no OSHA - no

Target Organs Affected: none

Short Term Effect:

Inhalation: n/a

Eyes: may cause slight stinging if product gets into open eyes.

Skin: n/a

Signs and Symptoms of Over-Exposure: n/a

Medical Conditions Generally Aggravated by Exposure: n/a

Milk & Honey Cuticle Oil

SECTION IV

First Aid Measures

Eye Contact: Flush eyes with large amounts of warm water.

Skin Contact: Wash with soap and water.

Inhalation: n/a

Ingestion: n/a

SECTION V Fire Fighting Measures

Flash Point: n/a

Flammable Limits in Air % n/a- LEL: n/a, UEL: n/a

Extinguishing Media: Water Spray _ Dry Chemical X
Carbon Dioxide X Foam _

Fire Fighting Procedure: This is an aqueous product

SECTION VI Accidental Release Measures

Spill and Leak Procedures: Collect with absorbent material and place into trash container.

SECTION VII Handling and Storage

Handling: Keep container closed when not in use.

Storage: Store at room temperature. Keep container closed when not in use.

SECTION VIII Exposure Controls and Personal Protection

This product is a skin cream oil and does not require Exposure controls.

SECTION IX Physical and Chemical Properties

Water Solubility: nil
Appearance: Clear -
Physical Form: Oily liquid
%/Wt. Volatiles: 0 %
pH: n/a
Odor: Light floral fragrance

Specific Gravity: (H₂O = 1): 0.85 - 0.914 - 0.93
Smoke Point: 210°C
Melting Point: n/a
Vapor Pressure (mm Hg): 1.0 mmHg @20°C (68°F)
Vapor Density: (Air =1): >1
Evaporation Rate: (H₂O) - 1) n/a

SECTION X Stability and Reactivity

Chemical Stability: This product is stable under the recommended storage conditions.

Conditions to avoid: Avoid excess heat and open flame. Storage in temperatures above 35 C.

Contact with Materials to avoid: Avoid chlorine, fluorine and other strong oxidizers

Hazardous Decomposition Products: none

Hazardous Polymerization: will not occur.

SECTION XI Toxicological Information

	LD50(Oral Rat)	LC50 (Inhal. Rat)
	n/a	n/a
Ingestion:	n/a	
Eyes:	n/a	
Dermal:	n/a	
Inhalation	n/a	
Overexposure:	n/a	
Chronic Effects:	n/a	
Carcinogenity:	Not listed as a carcinogen by IARC, NTP, OSHA, or ACGIH	
Target Organs:	n/a	

SECTION XII Ecological Information

Ecotoxicity none

SECTION XIII Disposal Considerations

Waste Disposal: Dispose of absorbed material in accordance with local, state and federal regulations.

SECTION XIV Transport Information

Road Transport:		Maritime Transport:	
Class:	n/a	UN Number:	n/a
Packaging Group:	n/a	Class:	n/a
Label:	n/a	Packaging Group:	n/a
UN Number:	n/a	Label:	n/a

Air Transport:	
ID No.	n/a
Class:	n/a
Packaging Group:	n/a
Packaging instr.:	n/a

SECTION XV Regulatory Information

Labeling: n/a

Symbol: n/a

Indication of Danger: n/a

Risk Phrases: n/a

Safety Phrases: n/a

SECTION XVI

Other Information

IMPORTANT NOTICE: The information presented herein is based on experimental data submitted by the manufacturers of the raw materials and is considered scientifically correct, however, no warrant or representation, express or implied, is made as to the accuracy or suitability of this information for application to the purchaser's intended purpose or for consequences of its use. Use these materials only as directed. If you have any questions regarding the proper interoperation of this sheet or the meaning of any terms used, we strongly urge you to speak with your physician. For further information concerning product safety and proper use, call the number listed on the front of the MSDS.

*These Products Are Designed and Formulated for Professional Salon Use.
They Must be Used with Adequate Ventilation and in Accordance with Manufacturers Instructions*

Abbreviations Used:

NE = Not Established

NKn = Not Known

n/a = Not Applicable

C = Ceiling Limit

TS = Trade Secret

EST = Estimated

N/DA = No Data Available

NTP = National Toxicology Program

IRAC = International Agency for Research on Cancer

CHEMTREC = Chemical Transportation Emergency Center

OSHA = Occupational Safety and Health Administration

IPA = Isopropyl Alcohol (Rubbing Alcohol)

mm Hg = Millimeters of Mercury

PEL = Permissible Exposure Limit

TLV = Threshold Limit Value

STEL = Short Term Exposure Limit

NEGL = Negligible

NF = None Found

CAS = Chemical Abstract Service Number

NR = Not Required

MATERIAL SAFETY DATA SHEET

Rev. 1 Date: 02/18/06
For Chemical Emergency Only
813-248-0573

Section 1

Star Nail International
29120 Avenue Paine
Valencia, CA 91355
661-257-7827

PRODUCT IDENTIFICATION:

Cuccio Naturale Papaya Green Tea Oil -

PRECAUTIONARY LABELING: Health:0 Flammability:1 Reactivity:0

Laboratory Protective Equipment: None needed.

US Labeling:Ingredients: Sunflower Oil, Safflower Oil, Vitamin A (Palmitate), Vitamin E (Acetate) and Fragrance.

Section 2 - COMPONENTS:

Component	CAS No.	Weight %	OSHA/PEL	ACGIH/TLV
Non-hazardous oil mixture with vitamins.				

Section 3 - PHYSICAL DATA::

Boiling Point:	>572F	Vapor Pressure (mmHg):	NE
Melting Point:	NE	Vapor Density (air=1):	NE
Specific Gravity:	0.915-0.919	Evaporation Rate (Butyl acetate=1):	NE
Solubility in water:	Immiscible in water	% Volatiles by Volume:	NE
Appearance and odor: Clear and Brilliant Oily Liquid			

Section 4 - FIRE AND EXPLOSION HAZARD DATA::

Flashpoint (Open Cup): >120C
Autoignition Temperature: N/A Flammable Limits: Upper: N/A Lower: N/A
Extinguishing Media: dry chemical, foam, carbon dioxide.
Special Fire Fighting Procedures: Standard protective clothing & equipment.
Unusual Fire & Explosion Hazards: Product floats on water – treat as grease fire.
Toxic Gases Produced: NE
Explosion Data - Sensitivity to Mechanical Impact: N/A
Sensitivity to Static Discharge: N/A

Section 5 - REACTIVITY DATA:

Stability: stable Hazardous Polymerization: may not occur
Conditions to Avoid: No known precautions
Incompatibles:None known
Decomposition Products: Carbon monoxide, carbon dioxide

MATERIAL SAFETY DATA SHEET
Cuccio Naturale Papaya Green Tea Oil

Page 2 of 2

Section 6 - HEALTH HAZARD DATA:

Threshold Limit: TLV/TWA:	N/A
Short-Term Exposure Limit: STEL:	N/A
Permissible Exposure Limit: PEL:	N/A
Carcinogenicity:	N/A
Reproductive Effects:	N/A
Target Organs:	N/A
Chronic Effects:	N/A

Symptoms of Exposure and First Aid Procedures:

Inhalation: no known hazards with inhalation
Skin Contact: wash exposed areas with soap and water after use.
Skin Absorption: No known effect
Eye Contact: flush eyes with water for 15 minutes and contact physician if irritation persists.
Ingestion: consult physician if large volume is ingested
Medical Conditions Generally Aggravated by Exposure: None known.

Section 7 - PRECAUTIONS FOR SAFE HANDLING AND USE:

Steps to be Taken in the Event of a Spill or Discharge: use absorbent materials to soak up product and place in containers for appropriate disposal.
Disposal Procedure: According to Federal, State or local authority.
Safe handling and Storage: Wash hands after use. Store in cool, dry location.
Special Precautions: None known.

Section 8 - INDUSTRIAL PROTECTIVE EQUIPMENT:

Ventilation: None needed.
Respiratory Protection: None needed.
Eye/Skin Protection: No protective equipment needed with normal use.
Work/Hygienic Practices: Wash hands with soap and water after use.

N/A = not applicable
NE = not established

The data contained herein is based upon information that Star Nail International believes to be reliable. Users of this product have the responsibility to determine the suitability of use and to adopt all necessary precautions to ensure the safety and protection of property and persons involved in said use. All statements or suggestions are made without warranty, express or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof.

MATERIAL SAFETY DATA SHEET

SECTION I Chemical Product and Company Identification

Trade Name Appearing on Label: **POMEGRANATE & FIG CUTICLE OIL** Chemical Family: Toiletries

Autoignition Temperature: No Data

SECTION 3: HAZARD CLASS

NFPA 704 Hazard Class:	HMIS Hazard Class:
Health: 0 (Least)	Health: 0 (Least)
Flammability: 1 (Slight)	Flammability: 1 (Slight)
Instability: 0 (Least)	Physical Hazards: 0 (Least)

SECTION 4: FIRE-FIGHTING PROCEDURES/ACCIDENTAL RELEASE MEASURES

Flammable Properties:

Flash Point: 320 F / 160 C (COC, ASTM D92)

OSHA Flammability Class: Not Regulated
LEL%: No Data
UEL%: No Data

Autoignition Temperature: No Data

Unusual Fire & Explosion Hazards: This material may burn, but will not ignite readily. Vapors are heavier than air and can accumulate in low areas. If container is not properly cooled, it can rupture in the heat of a fire.

Extinguishing Media: Dry chemical, Carbon dioxide, foam, or water spray is recommended. Water or foam may cause frothing of materials heated above 212 F. Carbon dioxide can displace oxygen. Use caution when applying carbon dioxide in confined spaces.

Fire Fighting Instructions: For fires beyond the incipient stage, emergency responders in the immediate hazard area should wear bunker gear. When the potential chemical hazard is unknown, in enclosed or confined spaces, or when explicitly required by DOT, a self contained breathing apparatus should be worn. In addition, wear other appropriate protective equipment as conditions warrant (see Section 5).

Isolate immediate hazard area, keep unauthorized personnel out. Stop spill/release if it can be done with minimal risk. Move undamaged containers from immediate hazard area if it can be done with minimal risk.

Water spray may be useful in minimizing or dispersing vapors and to protect personnel. Cool equipment exposed to fire with water, if it can be done with minimal risk. Avoid spreading burning liquid with water used for cooling purposes.

ACCIDENTAL RELEASE

This material may burn, but will not ignite readily. Keep all sources of ignition away from spill/release. Stay upwind and away from spill/release. Notify persons down wind of the spill/release, isolate immediate hazard area and keep unauthorized personnel out. Stop spill/release if it can be done with minimal risk. Wear appropriate protective equipment including respiratory protection as conditions warrant (see Section 5). Prevent spilled material from entering sewers, storm drains, other unauthorized drainage systems and natural waterways. Dike far ahead of spill for later recovery or disposal. Spilled material may be absorbed into an appropriate absorbent material.

Notify fire authorities and appropriate federal, state and local agencies. Immediate cleanup of any spill is recommended.

SECTION 5: SPECIAL PROTECTION INFORMATION

Respiratory : Use NIOSH/MSHA Approved Respirator if TLV is exceeded

Ventilation : General Mechanical

Protective Gloves : Volatile Resistant if skin contact is anticipated

Eye Protection : Splash proof goggles if handling methods warrant them.

Other Protective Equipment : None Required

SECTION 6: EMERGENCY AND FIRST AID PROCEDURES

Eye: If irritation or redness develops, move victim away from exposure and into fresh air. Flush eyes with clean water. If symptoms persist, seek medical attention.

Skin: First aid is not normally required. However, it is good practice to wash any chemical from the skin.

Inhalation (Breathing): First aid is not normally required. If breathing difficulties develop, move victim away from source of exposure and into fresh air. Seek immediate medical attention.

Ingestion (Swallowing): First aid is not normally required; however, if swallowed and symptoms develop, seek medical attention.

Notes to Physician: Acute aspirations of large amounts of oil-laden material may produce a serious aspiration pneumonia. Patients who aspirate these oils should be followed for the development of long-term sequelae. Inhalation exposure to oil mists below current workplace exposure limits is unlikely to cause pulmonary abnormalities.

SECTION 7: HANDLING AND STORAGE

Do not enter confined spaces such as tanks or pits without following proper entry procedures such as ASTM D-4276 AND 29CFR 1910. 146. The use of appropriate respiratory protection is advised when concentrations exceed any established exposure limits (see Section 6).

Do not wear contaminated clothing or shoes. Use good personal hygiene practices.

“Empty” containers retain residue and may be dangerous. Do not pressurize, cut, weld, braze, solder, drill, or expose such containers to heat, flame, sparks, or other sources of ignition. They may explode and cause injury or death. “Empty” drums should be completely drained, properly bunged, and promptly shipped to the supplier of in an environmentally safe manner and in accordance with governmental regulations.

Before working on or in tanks which contain or have contained this material, refer to OSHA regulations, ANSI Z49.1, and other references pertaining to cleaning, repairing, welding, or other contemplated operations.

Storage: Keep container(s) tightly closed. Use and store this material in cool, dry, well-ventilated areas away from heat and all sources of ignition.

CUTICLE OIL

Store only in approved containers. Keep away from any incompatible material (see Section 9). Protect container(s) against physical damage.

SECTION 8: STABILITY AND REACTIVITY

Stability: Stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.

Conditions to Avoid: Avoid high temperatures and all sources of ignition.

Materials to Avoid: Avoid contact with strong oxidizing agents.

Hazardous Decomposition Products: Combustion can yield carbon dioxide, carbon monoxide, and other oxides.

Hazardous Polymerization: Will not occur.

SECTION 9: HEALTH HAZARDS

Eye: Not known to be an eye irritant.

Skin: Not known to be a skin irritant. No harmful effects from skin absorption have been reported.

Inhalation (Breathing): No harmful effects reported.

Ingestion (Swallowing): No harmful effects reported from ingestion.

Signs and symptoms: Effects of overexposure may include diarrhea, irritation of the digestive tract, irritation of the nose and throat.

Cancer: No evidence of cancer has been demonstrated in several well conducted animal studies.

Target Organs: No data available for this material.

Developmental: No data available for this material.

Pre-Existing Medical Conditions: None known.

SECTION 10: TOXICOLOGICAL INFORMATION

Chronic Data: No definitive information available on carcinogenicity, mutagenicity, target organ, or developmental toxicity.

Acute Data: White Mineral Oil - CAS: 8042-47-5

Dermal LD50= >2 g/kg

LC50 = >5 mg/I (rat)

Oral LD50 = >5 g/kg (rat)

SECTION 11: ECOLOGICAL INFORMATION

Not evaluated at this time.

CUTICLE OIL

SECTION 12: DISPOSAL CONSIDERATIONS

This material, if discarded as produced, is not a RCRA "listed" hazardous waste. However, it should be fully characterized for toxicity prior to disposal (40 CFR 261). Use which results in chemical or physical change or contamination may subject it to regulation as a hazardous waste. Along with properly characterizing all waste materials, consult state and local regulations regarding the proper disposal of this material.

Container contents should be completely used and containers should be emptied prior to discard. Container rinsate could be considered a RCRA hazardous waste and must be disposed of with care and in full compliance with federal, state and local regulations. Larger empty containers, such as drums, should be returned to the distributor or to a drum reconditioner. To assure proper disposal of smaller empty containers, consult with state and local regulations and disposal authorities.

SECTION 13: TRANSPORTATION INFORMATION

DOT Proper Shipping Name: Not classified as hazardous
Note: Material is unregulated unless in container of 3500 gallons or more, then provisions of 49 CFR Part 130 apply for land shipment.

IMDG Shipping Description: Not regulated
ICAO/IATA Shipping Description: Not regulated

SECTION 14: REGULATORY INFORMATION

U.S Regulations: EPA SARA 311/312 (Title III Hazard Categories)-
Acute Health: No
Chronic Health: No
Fire Hazard: No
Pressure Hazard: No
Reactive Hazard: No

SARA - Section 313 and 40 CFR 372: This material contains the following chemicals subject to the reporting requirements of SARA 313 AND 40 CFR 372: --None Known--

EPA (CERCLA) Reportable Quantity: --None Known--

CERCLA/SARA - Section 302 Extremely Hazardous Substances and TPQS. This material contains the following chemicals subject to the reporting requirements of SARA 302 and 40 CFR 372:--None Known--

California Proposition 65: Warning: This material contains the following chemicals which are known to the State of California to cause cancer, birth defects or other reproductive harm, and are subject to the requirements of California Proposition 65 (CA Health & Safety Code Section 25249.5):
--None Known--

CUTICLE OIL

Carcinogen Identification: This material has not been identified as a carcinogen by NTP, IARC, OR OSHA.

TSCA: All components are listed on the TSCA inventory.

Canadian Regulations:

Domestic Substances List: Listed

WHMIS Classification: Not regulated

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all the information required by the CPR.

SECTION 15: OTHER INFORMATION

Issue Date: September 7, 2006

Previous Issue Date: July 26, 2002

Star Nail International expressly disclaims all express or implied warranties of merchantability and fitness for a particular purpose, with respect to the product or information provided herein, and shall under no circumstances be liable for incidental or consequential damages.
