

Material Safety Data Sheet

Product Identification: Cuccio Naturale Milk & Honey Cuticle Conditioning Butter Stick

Section 1 Company Identification

Star Nail International Telephone (661) 257-7827

Emergency Telephone: Chemtel: (800) 255-3924 or 813-248-0573

Address

29120 Avenue Paine
Valencia, CA 91355

Date Prepared
August 4, 2003

Section 2 Hazardous Ingredients/Identity Information

Hazardous Components (Specific Chemical Identity: Common Name(s))	DAS Number	% by Weight	OSHA PEL	ACGIH TLV
--	---------------	----------------	-------------	--------------

None as defined under the U.S. OSHA Hazard Communication Standard (29 C.F.R.) or the Canadian Hazardous Products Act. Not classified under 67/548/EEC.

Section 3 Hazards Identification

Emergency Overview:

Presents no significant hazard if spilled or involved in a fire.

Inhalation:

Exposure to vapors or mist is not likely to be hazardous.

Ingestion:

None known

Conditions Aggravated By Overexposure:

None Known

Section 4 First Aid Measures

Consult Physician

Section 5 Fire Fighting Measures

Flammability Classification:
Not Applicable

Extinguishing Media:
Dry Chemical

Unusual Fire and Explosion Hazards:

Keep Away from heat and fumes. Use adequate ventilation. Let the product cool down to room temperature and return to its normal state.

Special Fire Fighting Procedures:
None.

Section 6 Spill and Leak Procedures

If product is hot, let it cool down. Once solid the product may be recovered as any other solid material.

Section 7 Handling And Storage

Products should be stored in conditions that avoid extremes of temperature.
Do not store products at a temperature above 50 C.

Section 8 Special Protection Information

Respiratory Protection:

Respirator is not required under normal conditions of handling.

Ventilation:

General ventilation should be provided to maintain ambient concentration below nuisance levels.

Protective Clothing:

Not applicable.

Section 9 Physical and Chemical Data

Appearance: Soft and creamy
Physical State: Off White Solid
Melting Point: 53 deg C – 63 deg C
Solubility in Water: Insoluble

Section 10 Stability and Reactivity

Stability: Stable under normal conditions of storage and use.
Incompatibility: None
Hazardous Decomposition: None
Hazardous Polymerization: Will not occur.

Section 11 Toxicological Information

There are no known toxicological effects.

Section 12 Ecological Information

This product in any form is not expected to cause environmental damage.

Section 13 Disposal Considerations

Follow all local, state, and federal waste management regulations.

Section 14 Transport Information

DOT Shipping Name: Not Required
DOT Hazard Class: Not Required
DOT Labels: Not Required

Section 15: Regulatory Information

This product does not contain any chemicals listed in Section 313 of the Superfund Act and Reauthorization Amendment (SARA 313) or the Clean Air Amendment Act (CAA).

California Proposition 65: None Listed.

Section 16 Other Information

Hazard Rating: Not Applicable

Information is provided in good faith and based on actual data gathered.
